Pet peeves: Anything fake; when the space is used as a shelf for random accessories

A good start: Select a wall sculpture, great piece of art, or beautiful mirror. The composition should complement the mantel itself.

On her mantels: "I have a mirror above one and art above the other."

Sconces: Duo Antiques at Debris; Harry Bertoia musical sculpture: 20cdesign; mirror: John Gregory; box: Nick Brock Antiques; vase: Cebolla; flowers: Corner Market; marble cubes: designer's own. Paint: Farrow & Ball Off-Black
